

Appendix E – public outreach

The city recognizes that providing an opportunity for review and comment is an important part of this plan. Comments will be recorded and, if feasible, modifications to the document content and prioritization of improvements will be made.

As part of the plan development process, the city will post the plan document on the city's website shoreviewmn.gov/ADA and the plan will be made available for public comment. Additionally, a printed copy of the plan will be made available at city hall.

A link to the plan was also distributed via email to school districts, medical facilities, and other public agencies with facilities in the city. The following is a list of email contact and the text that was included in the email notice.

Email contact list

- Active Living Ramsey Communities
- Ecumen
- Midwest Special Services
- Mounds View School District
- Ramsey County Community & Economic Development
- Ramsey County Public Works
- Shoreview Bikeways & Trails Committee
- Shoreview Human Rights Commission

Email notice

To whom it may concern:

The City of Shoreview is seeking public input on its draft plan to support accessibility for people using its facilities. Feel free to distribute this to your colleagues, or others that may find this plan to be of interest. The purpose of this notice is to introduce the ADA transition plan to the public and inform those that work in "priority areas" related to accessibility about the city's work thus far. Any comments that you provide may be incorporated into the final version of the plan, and help the city identify key areas for improvement, including curb ramps and sidewalks/trails.

If you need a reasonable accommodation, help, or more information please contact David Yang, ADA coordinator.

Thank you for your input,

City of Shoreview

Record of public outreach summary

No comments received during the three weeks the Plan was open for public review.
