STATE OF THE CITY

Shoreview has always been a city where people come together to make it a great place to live, work, and play. This has remained true over the past two years as we all found countless ways to adapt to the pandemic.

The city continued to find new ways to deliver services, provide help to our business community, and ensure the safety of our residents. Our staff, residents, and businesses have shown just how resilient we all are.

Despite all the challenges that the pandemic continued to pose, the city completed several projects in 2021 and will launch even more this year.

Here are highlights from Mayor Martin's state of the city address. You can read or watch the full state of the city at shoreviewmn.gov.

LEADERSHIP CHANGES

City council

In January, our city lost a key leader when Councilmember Terry Quigley passed away. He served Shoreview for nearly 50 years and was a staple in Shoreview's leadership for the last 21 years. Councilmember Quigley's wisdom, experience, and sense of humor is deeply missed.

Although no one can replace Councilmember Quigley, the city council recently appointed John Doan to the vacant seat through December 31, 2022. Read more about Councilmember Doan on page 6.

City manager

After 28 years as city manager, Terry Schwerm retired at the end of November 2021. Terry was instrumental in developing Shoreview into an outstanding and vibrant community. He accomplished many things in his 28 years and was an exceptional public servant.

The city undertook an extensive search process to replace Terry. In October, the city selected Brad Martens as our new city manager. Brad was most recently city administrator at Corcoran, and brings a wide-range of experience and impressive qualities that will serve him well as he leads our organization.

VISION, MISSION, AND VALUES

In early 2021, the city council solidified our reputation of being a welcoming and vibrant community by adopting new vision, mission,

and value statements. Through these new statements, the city will be able to ensure our culture and values continue well into the future. See the full statements at shoreviewmn.gov/our-city.

SHOREVIEW COMMONS

The second phase of the Shoreview Commons project was completed in 2021. This phase included a destination playground and shelter, as well as a friendship garden. The playground features six different areas for kids of all ages including a treehouse tower, challenge course, and hillside slides. It is one of the most exciting playgrounds in the entire metro area.

The city partnered with the Shoreview Community Foundation to build the friendship garden on the north end of the pond. The garden features a sculpture of children playing, as well as dedicated brick pavers. The garden represents our community's value of being welcoming and inclusive to all.

PARK SYSTEM MASTER PLAN

The city is currently updating the park system plan and hopes to have it finalized later this year. This process included reviewing all city parks, demographics and recreation trends, meeting with the public, and developing a conceptual master plan for each park. The city will be making substantial investments over the next several years to our parks based on this plan.

HOUSING

Over the past few years, the city has added nearly 1,000 apartments and townhomes with projects like:

- Loden SV and Emrik SV, located in the Shoreview Corporate Center
- The Edison at Rice Creek, located in the Rice Creek Corporate Park
- A new building at Midland Terrace, located near County Road E and Victoria Street

The city also partnered with Community Action Partnership of Ramsey & Washington Counties, a non-profit agency, to renovate three homes and rent them as affordable housing. Two of the homes are along County Road E. The third home is in north Shoreview.

One of the city's goals is to provide a variety of housing choices and levels of affordability. To better understand our current housing status, issues, and challenges, the city completed a housing study over the last year. The study evaluated demographics, employment, and housing and identified needs, gaps, and strategies to meet our housing goals. Staff will be using this study to prioritize actions over the next five years.

ECONOMIC DEVELOPMENT

The city continues to see reinvestment in its business and commercial areas. Over the last few years, Eagle Ridge Partners has been redeveloping and upgrading part of the Shoreview Corporate Center at Lexington Avenue and County Road F. The Lex at 4100 is now complete and two of the four floors are leased. The city is working with them on a third tenant as well and a second phase project. This project could include additional housing and a restaurant.

Gradient Financial completed their renovation project at 4625 Churchill Street in 2021 and moved their software division, Nextek Development to the building. The building renovated to support their growth plan which projects up to 100 employees in the next several years.

The city was also happy to see a new restaurant open across from Nextek. Churchill Street opened in late 2021 and serves breakfast, lunch, and dinner.

The city is currently working on several large projects this year including the redevelopment of the former Deluxe Campus. Scannell Properties is currently working on several plans to maximize the development of the 50-acre site.

The city will issue a request for proposals to develop the 10-acre Rice Street Crossing property this year. This property is at the southwest corner of I-694 and Rice Street.

Other notable projects from 2021 include a major expansion at Mead Metals and multi-million dollar projects at Wells Fargo and Target Corporation.

ROAD PROJECTS

The city hit an important milestone in 2021 when it finished its street reconstruction program. This program, which started in the 1980s, was created to bring all city streets to current standards with curb-and-gutter and modern storm drainage systems. Moving forward, the city will focus on maintenance and rehabilitation.

The city will be partnering with Ramsey County on several large projects over the next few years. The first is the reconstruction of Lexington Avenue between County Road E and I-694. This project will start soon and should be finished by the fall.

Next year, the city and Ramsey County will work on two projects along Hodgson Road. The first is a reconstruction project from Gramsie Road to Highway 96. The second is to improve the intersection at Hodgson Road and County Road J.

COMMUNITY SURVEY

This fall, the city will conduct a community survey. This will be the first time in over 30 years that the survey will be conducted via mail with an online option. We encourage you to participate so we can know best how to serve you.

STAY CONNECTED

We are committed to providing an open and accessible government. We do this by televising and live-streaming our city council and planning commission meetings, publishing the ShoreViews newsletter four times a year, publishing Access Shoreview—an e-newsletter sent twice a month, and engaging with residents on social media. Mayor Sandy Martin holds office hours from 3 – 5 pm every Tuesday.

We look forward to serving you in 2022!

JOHN DOAN APPOINTED TO SHOREVIEW CITY COUNCIL

The Shoreview City Council appointed John Doan to serve in the vacant seat caused by Councilmember Quigley's passing in January. Councilmember Doan has served on the Shoreview Planning Commission since 2015.

Councilmember Doan was born in Saigon, Vietnam and moved to Minnesota as a refugee. He grew up in affordable housing in the Cedar-Riverside neighborhood of Minneapolis, and attended St. Thomas Academy. His urban home life and suburban school days led him to pursue a degree at Carnegie Mellon University in civil and environmental engineering and a master's degree in public policy, with a concentration on housing, urban development and transportation from Harvard's Kennedy School of Government.

John and his wife Erin have two college-aged children who graduated from Mounds View High School. When asked what he most looks forward to in this new role Councilmember Doan said, "My mom told me that God gave me two ears and one mouth, so I should listen twice as much as I talk. With that in mind, I am so honored and excited to listen, learn, and problem-solve with our great residents, staff, and fellow councilmembers."

WALK AND TALK WITH THE MAYOR

Meet Mayor Sandy Martin and Rafa, her friendly Australian Labradoodle, to enjoy some fresh air and exercise. This year, "Walk and Talk with the Mayor" will take place on the following Tuesdays.

June 14 July 12 August 9

Walks begin at 3 pm. Check the city's website at shoreviewmn.gov or Facebook page for information on where to meet.

In the event of rain, the outdoor walk may be cancelled and the office hours will be moved inside at city hall.

Mayor Martin has regular office hours most Tuesdays at 3 pm. She is also available by phone at 651-490-4618.

ELECTIONS

Primary election – August 9, 2022

General election – November 8, 2022

Precincts and polling places

Earlier this spring, the city took part in the redistricting process. This happens every 10 years after the census. Due to new legislative boundaries, the city needed to redraw precinct boundaries and add one more precinct. Postcards were mailed in April to residents in precincts 2 – 7 letting them know about their new precinct and/or polling place.

View new precincts and find your polling place at shoreviewmn.gov/polling-place.

CURB APPEAL

Planning to update or upgrade your lawn this summer? These popular projects can give your property's appearance a boost and raise your home's curb appeal. Each of these projects need a permit from the city before work begins.

Grading & excavating

Work to level your yard, re-landscape areas of your yard or any digging and disruption of the soil.

Driveways

Repaving or replacing driveways, including concrete, pavers, and blacktop.

Porches & decks

Building or replacing porches or decks on any side of the home.

Fences & irrigation systems

Installing these common lawn features requires a permit. Invisible fences and irrigation systems should be installed at least six feet away from the curb to avoid damage from street construction and maintenance work.

Questions about property maintenance standards? Reach community development at 651-490-4680 or communitydevelopment@shoreviewmn.gov.

GARAGE SALES

Here are some helpful tips to keep in mind if you're planning a garage sale this summer.

- You can hold two garage sales each year at your home
- Sales can last up to four days each
- Two directional sign can be posted at major intersections
- Sale signs can't block street signs
- One six-foot by six-foot sign can be placed at your home on sale days only.

GREEN COMMUNITY AWARDS

Residents and businesses are recognized each year with the green community awards from the Shoreview Environmental Quality Commission. Awards are given to those who take steps to improve water quality, install renewable energy, or use eco-friendly practices. Winners receive a small lawn stake and are recognized at a city council meeting.

Applications are available at shoreviewmn.gov and due by July 9. Questions? 651-490-4665.

LEXINGTON AVENUE RECONSTRUCTION

Ramsey County will reconstruct Lexington Avenue from County Road E to I-694 in 2022. The reconstruction will include replacing aging and deteriorating pavement, replacing traffic signals, and improving pedestrian and bicycle facilities. A center median will also be added to increase safety for road users.

Improvements will include water main, sanitary sewer, storm sewer, water treatment and traffic signals in the project area.

OVERNIGHT AND SPECIAL EVENT PARKING

Having out-of-town visitors or a large family gathering? Overnight parking permits can be requested for up to seven days for a special event, guests, or construction. Overnight parking is not otherwise permitted between 2 – 5 am on Shoreview streets.

Permits are available online at [shoreviewmn.gov](https://www.shoreviewmn.gov). Questions? 651-490-4650.

WATERING TIPS

Save water this summer while keeping your lawn healthy! Healthy lawns only need around two inches of water each week. That's about 20 minutes of watering twice a week. Be sure to water before 11 am or after 5 pm.

WATER QUALITY REPORT

Shoreview monitors city drinking water each year, as required by federal law. The results for 2021 show no contaminants detected. View the full report online at [shoreviewmn.gov/water-quality-report](https://www.shoreviewmn.gov/water-quality-report). Contact Dan Curley, public works superintendent, at 651-490-4672 with questions.

KEEP SHOREVIEW'S WATER CLEAN

You can help keep our water clean! Keep grass clippings and leaves out of the street and make sure dog waste gets picked up. Keeping these things out of our storm sewers keeps our water cleaner and healthier.

THE DROUGHT OF 2021

by Namitha Narayan - EQC student member

Shoreview's outdoor farmer's market is an authentic place to find locally sourced, fresh produce. In 2021, however, tending to crops was more difficult for several farmers due to the drought that hit Minnesota. According to Minnesota's Department of Natural Resources, the drought was the worst some parts of the state had seen in 10-30 years.

This specifically impacted some farmers who rent their farm land and sell their produce at the Shoreview farmer's market. Fong Vang, who has been farming for 23 years, elaborated on his experience. "This year our yield was lower...some veggies started turning yellow quicker instead of [doing so] at the end of the season." Vang's family has been farming on rented land for several years.

Another farmer who rents land to farm, Yee Bla Moua, did not have an ideal year either. "Tomatoes did well, also zucchinis, but that's it," said Moua. Both farmers expressed how putting up infrastructure for more frequent watering was difficult since the owner of the land must authorize it; they were finding ways to adjust.

Other vendors didn't seem to be impacted such as fourth generation farmer Don Hienel, who farms on his own land. "Dry isn't as big of a problem for me. Years where we have heavy rain are worse because the soil is heavier as it retains water...you can't weed, you can't cultivate, and it's too difficult to plant," said Hienel. He also elaborated on what he would do if he were to have a challenging year. "I do not have crop insurance...my father told me to have two years of income saved for when I have

a bad year—I've never looked at it as if I need assistance."

Many vendors were unaware of government assistance programs for years when they have difficulties. The Minnesota Department of Agriculture (MDA) made disaster recovery loans available in July of 2021 and offer resources such as the Farm Advocates program for farmers facing crises. For emerging farmers and micro farmers, they offer financial resources as well.

Visit the farmers market on **Tuesdays from 3-7 pm starting June 15** at the lower community center parking lot.

LOOKING TO REMODEL? HOW ABOUT PURCHASING A HOME IN SHOREVIEW? WE'VE UPDATED OUR PROGRAMS!

The City of Shoreview, in association with NeighborWorks Home Partners, offers construction consultation, loans with low interest rates, and interest-only repayment options to qualified homeowners, including manufactured home owners, and first-time homebuyers.

CONSTRUCTION CONSULTATION

Are you looking to do a home project but not sure where to begin? The City of Shoreview offers free construction consultation where you can:

- Get general project advice
- Learn how to get bids for a project
- Review of bids from contractors

HOME IMPROVEMENT LOANS

Loan amounts from \$2,000 - \$40,000 are available with fixed below market rates and terms up to 15 years. Eligible improvements may include:

- remodeling
- additions
- repairs
- replacement

The project(s) must correct local or state code deficiencies, add value to the home, improve accessibility, and/or reduces long term energy costs.

MANUFACTURED HOME IMPROVEMENT LOANS

Loans up to \$10,000 are available with below market rates and terms up to 10 years.

Eligible improvements include:

- repairs and replacements that will address code deficiencies
- improve the structural components of the unit (roof, exterior wall, floor trusses)
- energy related improvements.

Qualifying households may be eligible to have no payments until the home is sold or if they have occupied it for 10 years since the start the project and then the loan is forgiven.

DOWN PAYMENT ASSISTANCE (FIRST-TIME HOMEBUYERS)

You can be preapproved for loans up to \$25,000 or 5% of the purchase price with fixed below market rates and terms up to 30-years. Single-family homes, townhomes, twin homes or duplexes, condominiums with a maximum purchase price of \$425,000 are eligible.

**If you are below 80% area median income, you could qualify for the first \$10,000 of the down payment assistance to be due upon sale.

Learn more about available construction consulting and loan terms at nwhomepartners.org/shoreview or by calling NeighborWorks Home Partners at 651-292-8710.

"ON THE ROAD AGAIN, I CAN'T WAIT TO GET ON THE ROAD AGAIN."

(Roger Miller)

With a grant from the Shoreview Community Foundation, the Shoreview Historical Society was able to hire an editor to create a booklet of a self-directed driving tour of Shoreview complete with an audio component. The booklet will be available at the SHS tent at the Slice of Shoreview July 22-24.

On April 23, 1957, the City of Shoreview was incorporated, but its rich history begins in the 1800s when it was originally part of Mounds View Township. Primarily farmland, Shoreview also was home to some interesting businesses: an ice house, a tuberculosis preventorium, a gospel mission, and many small grocery stores and taverns - some with storied gangster history.

The many large lakes attracted small cabins and public beaches. There was also a Soo Line railroad depot called Cardigan Junction as two tracks, one coming from Saint Paul and another from Minneapolis that merged into one. The railroad station was eventually converted into a private home.

In the early 19th century part of these lands were occupied by the Dakota and Ojibwe tribes.

Our tour begins in the heart of the city at the Shoreview Community Center, built in 1990. It ends at Heritage Park, home of the original Guerin gas station and the Lepak/Larson 1880s brick farmhouse.

The tour primarily uses the time frame of the 1930s and 1940s.

KETTLEBELL TRAINING

- Conditioning drills with kettlebells provides a total body workout.
- Power strength weightlifting with barbells and dumbbells.
- Focused on building muscle mass and strength.
- Focus on technique – heavier weight, lower reps, multiple sets.

60/40

The first 60% of the class is cardio – either high/low impact cardio, step, kickboxing, or dance followed by the remaining 40% of class time to execute effective resistance exercises.

BARRE PRINCIPLE

In each energizing and targeted workout, you'll use the barre and exercise equipment such as mini-balls and small hand weights to sculpt, slim, and stretch your entire body.

THE RESISTANCE WORKOUT

Incorporates strength training exercises using various pieces of equipment and/or your own body weight. Class focuses on all major muscle groups with some added attention to form. Progressions can include compound exercises and functional balance exercises.

STEP CARDIO

Warm up with basic step moves and then learn fun choreographed patterns, combinations, and movements on an adjustable step.

DANCE JAM

Dance your heart out while getting an amazing workout

FUNDAMENTAL COMBO

Low impact cardio followed by basic strength training.

H.I.I.T. (HIGH INTENSITY INTERVAL TRAINING)

Intervals of extreme cardio and / or resistance followed by a short recovery.

THE GROOVE

In this choreographed class you will learn one awesome dance routine. You will be amazed at the great workout while you get your "groove" on!

CYCLE RAVE

We pedal to the music and that's it! Experience a fun, crazy party on your bike! You will be amazed at the workout you get.

CYCLE TRAINING

Ideal tool to compliment the outdoor cyclist. Doing hills, sprints, flat roads while using time, speed, and distance drills, this workout will help increase your overall performance in speed, power, and endurance.

TOTAL BODY WORKOUT

Incorporates exercises designed to enhance your agility, speed, power, strength, and quickness. Equipment used may include weights, TRX (suspension training), kettlebells, bands, benches, and BOSU® balls. The class will also elevate your heart rate as you are challenged with drills in either circuits and/or a stand-alone station.

POWER PUMP

- Weight training with free weights and dumbbells.
- Build lean muscle with different tempos for reps, higher reps, and supersets.

CARDIO KICKBOXING

A dynamic and energetic class that combines kicks, punches, and blocks. This athletic-based class is easy to follow and provides a challenging workout.

ZUMBA®

Grooving to the beats of salsa, reggaeton, cumbia, hip hop and merengue, this class feels more like a dance party than a workout, which is exactly what makes Zumba® so popular! The Latin-inspired dance workout is one of the most popular group exercise classes around.

MIND/BODY CLASSES

STRETCH AND BALANCE

A beneficial blend of balance exercises and static (holding) and dynamic (moving) stretches.

YIN/RESTORATIVE YOGA

This grounding practice will have fewer postures which you hold for longer periods of time, allowing you to focus on breathing into the connective tissue (fascia) that surrounds the joints in the body.

YOGA BASICS

This class is based on physical postures, deep breathing, mindfulness, and listening to the body. A slower paced class that focuses on fundamental postures. Great class for beginners or for one seeking a modified (gentle) yoga class option.

HOT YOGA

Intense practice that will move you through powerful and aggressive postures and/or series. This practice is meant to detoxify the body, build strength, and burn calories through movement, breath, and heat. Designed for intermediate to advanced levels.

Class temp range is 80-90 degrees.

FITNESS PILATES

Focus on balancing all muscle groups, strength, and flexibility, with an emphasis on challenging the core muscles with each movement.

POWER YOGA

Students will focus on linking conscious breath with a vigorous and mindful flow. Participants will build strength, flexibility, and concentration while cleansing the body and calming the mind.

YOGA/PILATES FUSION

The perfect combination of Pilates and yoga! Receive the benefits of core training, muscle contraction and lengthening, isometric holds, balance postures, and mind/body awareness.

YOGA SCULPT

Fusion of vinyasa yoga and strength endurance training. This unique and intense workout incorporates hand weights and is designed to tone and shape your body. Build stamina through a series of squats, lunges, crunches, plank holds, cardio work, balancing postures, and stretching.

Swim Lessons

SHOREVIEW PARKS & RECREATION SWIM LESSONS

We use a fun and imaginative approach to help students create a lifelong love of swimming. Students will learn new skills and build on previously learned skills through group or private instruction. Our instructors participate in ongoing training sessions and are selected based on their desire to teach, enthusiasm, and swimming ability. Parent - instructor communication is vital to the success of each swimmer. Our mission is to provide an inclusive program for all.

A NOTE ABOUT SWIM LESSONS

- Swim lessons are not canceled if Mounds View School District cancels after school activities due to weather.
- We do not provide make-up lessons.
- Group classes with fewer than three registered participants will be canceled.
- Students cannot swim before or after lessons.
- Students should use the bathroom and shower before entering the pool area. Staff aren't allowed to take students to the bathroom.
- If your child needs a quieter environment to learn look at our Tuesday, Thursday, Saturday, and Sunday lessons.
- Children ages 4 and under may use any locker room. Children ages 5 and older must use the same sex locker room or family locker room.
- The pool water temperature is kept between 83 and 84 degrees.
- First day instructions will be emailed to participants before the class start date
