Park overview

- Established in 1993 as the only mini park in Shoreview’s system
- Play equipment was replaced in 2018

Observations

- Play equipment has shade structure, but there is desire for additional shelter as well as a grill

- Sherwood Road experiences fairly high traffic volumes but does not have a sidewalk/trail despite being an access route for surrounding neighborhood
- Well-used by surrounding neighbors, especially dog owners

Concept components

- A trail loop provides neighbors with an easy route for a quick walk.
- Amenities for dog walkers will be included along trails.
- A new connection to a trail along Sherwood Road could be implemented with an upcoming road project.
- A portable restroom enclosure would add convenience for playground and field users.
- The field would remain informal but could have goals at both ends.
- Additional tree plantings and landscaping would add shade.
